Curriculum vitae

Lu Ping Tan was born on the 23rd February, 1980 in Kuala Lumpur, Malaysia. In 1999, she enrolled in the American universities program in Inti College, Malaysia and was transferred to the State University of New York (SUNY) at Buffalo, USA. In September 2002, she obtained her Bachelor of Science degree in Biochemistry from SUNY at Buffalo. She then headed back to her home country, Malaysia and started to work as a research officer in the Molecular Pathology Unit, Cancer Research Center, Institute for Medical Research (IMR). During her time in IMR (2003 – 2005), she worked on the colorectal cancer project and received her Master of Science degree in Medical Science from the University of Malaya. In April 2006, she enrolled in the Ubbo Emmius program of the University of Groningen, the Netherlands. In this 4-year full-time PhD program, she managed to finish her PhD thesis on time and receive her PhD degree in September 2009.
